

GENDER MARKER CHANGE REQUEST FORM

This form is for students and alumni requesting a change to the gender marker on their academic records. Please provide all information requested below. **Please note:** WWU transcripts and diplomas do not reference gender.

Western recognizes that people may identify their gender in non-binary ways. Currently, our student information system only provides two binary gender fields. We are aware of this limitation and are working to expand the possible ways for individuals to identify their gender in Western’s records.

Current students living on campus with questions about how changing gender marker impacts housing assignments should contact [Karen Walker](#), Associate Director of University Residences. Other questions regarding changing your gender marker with the University should be directed to [Taya Winter](#), Assistant Registrar.

Changing your gender marker with the University via this form does not constitute a gender marker change with any legal or administrative entity such as the Washington Department of Licensing or the Social Security Administration.

Instructions for filling out and submitting this information:

Current/active WWU students

- Complete the form below and email it to Registrar’s Office: **RegistrarsOffice.Records-Forms@wwu.edu** using your **WWU email address** in lieu of printing and signing this request.

Former Students/Alumni

- After completing the form, print, **sign**, scan and email it to: **RegistrarsOffice.Records-Forms@wwu.edu** (from any email account) or mail to:

Western Washington University
Registrar’s Office
